TRANSPARENT SUGGESTED US RETAIL PRICES - JUNE 1, 2007

Transparent Interconnects

Longer lengths are available. Single pieces of factory terminated cables are available for half the price of a pair of cables.

Transparent's custom lab will make any interconnect to precise lengths other than those listed on this price sheet for your custom rack applications within 5 business days of order placement at no extra charge.

Factory terminated Transparent Speaker Cables will provide the best audio results. The networks and all connections are built into the cables on this page under controlled conditions using highest quality solder termination techniques. Transparent's factory terminated cables perform more precisely than Transparent Inwall Speaker Cables with Brick networks added at the time of installation.

TRANSPARENT UPGRADE PROGRAM
SUGGESTED US RETAIL PRICING
 JUNE 1, 2007

Using this Order Form

Fill in the SKUs and retails in the blue boxes in the appropriate upgrade category to calculate the retail for your Transparent upgrade automatically, or contact us for assistance.

Terms

Original cables must have a valid registered warranty to be eligible for the upgrade program. Warranties can be purchased for 10% of the current retail price of the cable to be upgraded.

Transparent dealers must satisfy all dealer requirements to participate in the Transparent Upgrade Program.

Original cables must be returned to Transparent within 20-days of receiving invoice to avoid a charge back for the balance of the full cost of the new Transparent cable provided for the upgrade.
